Cory Band to Break New Ground Down Under

The current World number 1 brass band, World Concert Champions, and 2013 European Champions **Cory Band** will be heading for their first ever tour to Australia in August 2013.

Working with local promoters **Brass Down Under**, the 10 concert tour will see them performing in top class venues across the country starting in Mandurah on Sunday August 4th, then on to Perth, Adelaide, Frankston, Melbourne, Canberra, Wollongong, Brisbane, Newcastle and Sydney.

The band has performed in many of the major and prestigious concert halls across the UK and Europe over the past 11 years, but this project represents the first *major* tour for the band since they visited the USA in 1976 as part of America's bicentennial celebrations.

Robert Turner from Brass Down Under said, "...in recent years The Australian public has had the opportunity to see and hear some of the finest Bands in England (YBS, Black Dyke and Grimethorpe). Cory's visit will bring the flavour of Wales alongside their undoubted claim to the No.1 band in the world.
